COMPLEMENTARY COMPETENCY PROGRAMME

Introduction to Western Philosophy and Logic
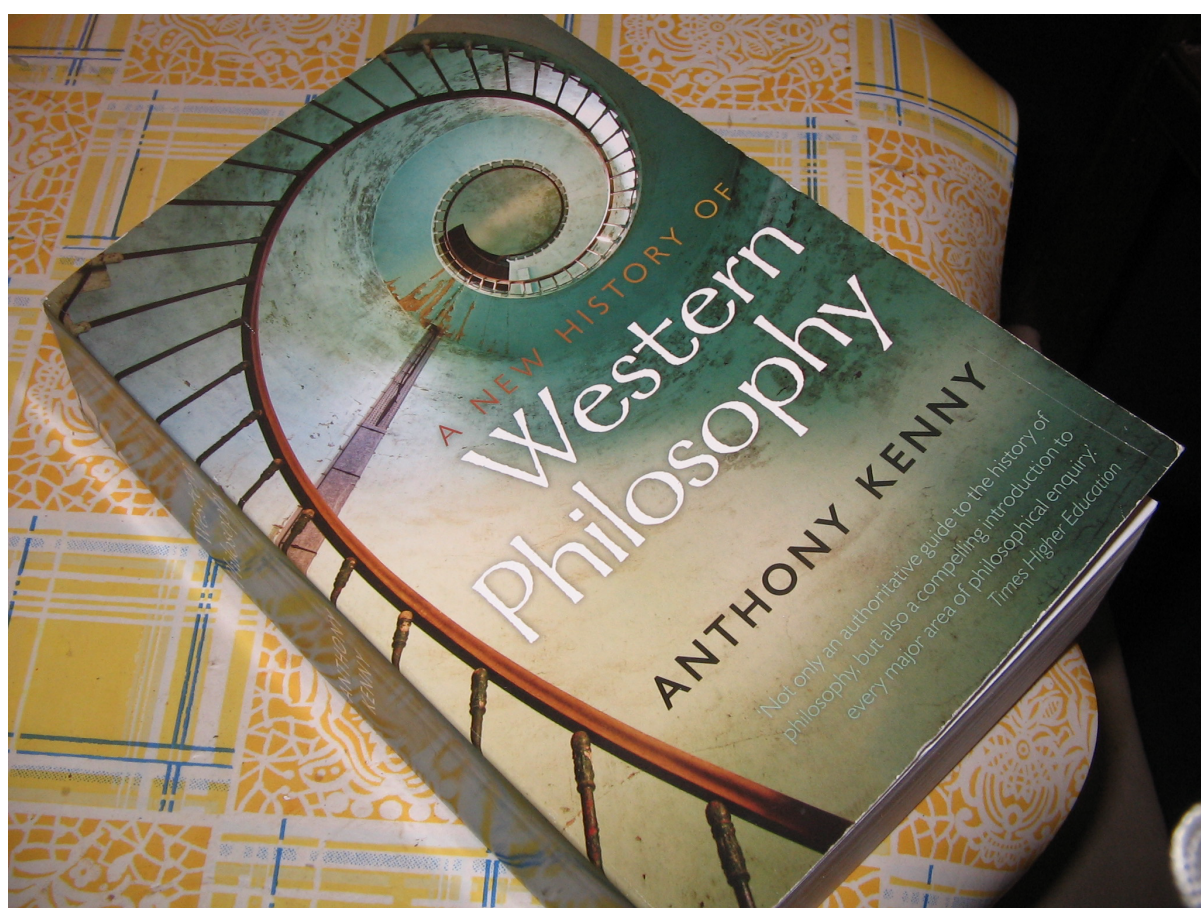

A NEW HISTORY OF Western Philosophy
ANTHONY KENNY

Not only an authoritative guide to the history of philosophy but also a compelling introduction to every major area of philosophical enquiry.
Times Higher Education

BENEFITS OF THIS COURSE

This course is to enable a participant to analyse statements and facts before drawing to a conclusion that it is true.

This course will be useful for research in the fields of science, social science, debate, psychology and also journalism. Often, conclusions are formed based on what is mentioned in a reputable article or when it is circulated through the media.

One needs to be able to differentiate what is true and what is false through facts and research.

CRITICAL THINKING
